

NEW PATIENT REGISTRATION PACK **Children (17 years and below)**

What you need:

- NHS Number – you can get this over the phone from your previous GP.
- List of any medications currently taking – there could a delay on providing you next repeat prescriptions without this. We accept a brief summary from your previous surgery, the white part of your latest prescription and a printout from your pharmacy.
- Immunisation evidence – Please provide any immunisation evidence for your child, this is normal the **RED BOOK**. This evidence is added to your childs record so our nurses can ensure you child immunisations are up to date.
- We are only able to accept registration forms for children if there is an adult registering with the child or if there is a responsible adult already living at the registering property.
